SUBMITTING PLANS FOR REVIEW:

Counter complete status:

An application will be accepted by the City of Vancouver only after the City finds that the application appears to include all the information required. No effort will be made to evaluate the substantive adequacy of the information. If all required information is not submitted, the application will not be accepted.

Fully complete status:

Within 28 days of acceptance of a counter complete application, the City will notify the applicant, in writing, as to the completeness of the application. An application will not be deemed fully complete until all information necessary to evaluate the proposed activity, its impacts, and its compliance with the provisions of the Vancouver Municipal Code and other applicable codes and statutes have been provided. Public hearing will not be scheduled until the application has been deemed fully complete.

Public notification:

Within 14 calendar days after the application is accepted as fully complete, the City will issue a public notice of the application pending review.

Incomplete applications will not be accepted.

Columbia River Shoreline Enhancement Plan District Submittal Requirements

Concept Development Plan/Detailed Development Plan

PLEASE READ CAREFULLY

- The following information is required to be submitted with a Concept Development Plan and/or Detailed Development Plan application per VMC 20.260 Planned Developments. Applications without the required information will not be accepted. The Planning Official may require information in addition to that required by VMC 20.260 Planned Developments if it is determined that such information is necessary to properly evaluate the application. The Planning Official may waive information required by VMC 20.260 Planned Development if it is determined that such information is not necessary to properly evaluate the application.
- Applications submitted without the additional information requested under Section R or G below, as applicable, will not be deemed fully complete, unless the applicant signs a written statement at Section S or H of this application, as applicable, which states that the applicant chooses not to submit the specified items, but realizes that by not submitting such items the application may be DELAYED or DENIED.

Concept Development Plan submittal requirements. Submit 1 original and 7 copies of each document unless otherwise indicated.

- A. **Completed application form**
- B. **Required application fee. See VMC 20.180.**
- C. **Pre-application conference notes**

A Concept Development Plan application shall include the following information presented on separate sheets or combined. Drawings shall be on sheets not larger than 24" by 36". Development Plans shall be drawn at a scale of 1" = 60' or larger (e.g., 1" = 30').

D. Site description:

1. Vicinity map that identifies surrounding uses within 400' of the site boundary.
2. Zoning map that identifies base and overlay zoning designations and uses for the site and surrounding properties within 400' of the site boundary.
3. Topography and natural resources including 100-year flood plain; drainage patterns and courses; wetlands, rivers, springs and other water bodies; significant stands of trees and individual trees with a caliper greater than 6"; significant fish and wildlife habitat, and natural hazards such as steep slopes greater than 15%, and unstable, impermeable or weak soils. Exhibit must include a site plan with no greater than 5-foot contours for slopes of 0–10% and no greater than 2-foot contours for slopes greater than 10%.
4. Open space inventory including all natural and landscaped areas.
5. Inventory of cultural, historic and/or archaeological resources on the site, if any.
6. Existing buildings, if any, including use, location, size and date of construction.
7. Existing on-site pedestrian, bicycle and vehicular circulation system, if any.
8. Inventory of existing vehicular and bicycle parking spaces and location of surface and structured parking facilities, if any.
9. Location and size of all public and private utilities on the site including water, sanitary sewer, stormwater retention/treatment facilities, and electrical, telephone and data transmission lines.
10. Location of all public and private easements.
11. A description of the type, design and characteristics of surrounding properties.

E. Transportation system:

1. Street classification of all internal and adjacent streets.
2. Transit service availability.
3. Baseline traffic impact study prepared by a licensed engineer to include information as required by the City's Traffic Engineer.

F. Analysis of existing infrastructure capacity on and in the vicinity of the site

G. SEPA checklist.

H. Planning history Summary of all previous known land use cases affecting the applicant's property and a list of all outstanding conditions of approval that either have not been addressed in the past and/or that remain in force at the time of the application.

I. Proposed development plan

1. Underlying zoning district boundaries. If these are shifted around the site as permitted by Section 20.260.020, the existing and proposed configuration of zoning districts shall be illustrated.

- 2. Description of the mix of uses, including number of units and/or total gross square feet devoted to each, and approximate location on the site.
- 3. All other site improvements including the approximate size and location of walls, barriers and fences; surface and structured parking facilities; bicycle parking facilities; on-site pedestrian, transit and vehicular circulation; transit stops and pedestrian/transit amenities; and open space and landscaped areas.
- 4. The conceptual location of new and/or expanded existing public and private infrastructure including water, sanitary sewer, stormwater management facilities; and electrical, telephone and data transmission lines. This includes wireless telecommunications facilities.
- J. **Phasing plan for implementation**
- K. **Summary of development intensity** (at full build-out including average floor area ratio and lot coverage).
- L. **Summary of transportation facilities**
 - 1. Traffic impact study prepared by a licensed engineer that describes traffic impacts associated with each phase of development and at full build-out of the project, and a plan for accommodating this traffic in compliance with Title 11. The specific content of the traffic impact study shall be determined by the City's Traffic Engineer.
 - 2. Parking impact study describing the parking demand associated with each phase of the development and at full build-out of the project, and a mitigation plan for accommodating parking demand on the site
 - 3. Concurrent or proposed street vacations, with a description of potential parking and traffic/pedestrian impacts, if any, and appropriate measures to mitigate these impacts.
- M. **Plan for protecting designated environmental, historic/cultural and open space resources.**
- N. **Design standards that will govern the orientation and design of buildings and other improvements include but are not limited to the following:**
 - 1. Architecture, including design standards and building materials board(s), for buildings, fences, walls and other structures.
 - 2. Landscaping, including design standards and standard plant list. Native plant materials are preferred.
 - 3. Pedestrian circulation, including development standards, amenities and materials.
 - 4. Bicycle parking facilities, including specifications.
 - 5. Signs.
 - 6. Lighting.
- O. Current Clark County assessor map(s) showing the property(ies) within a radius of 500' of the site and a complete mailing list with the names and addresses of owners of all properties within that radius, certified as accurate and complete by the Clark County assessor, a title company, licensed surveyor, or other party approved by the review authority.
- P. Two sets of mailing labels for the required certified mailing list. For non-owner occupied properties, provide mailing labels addressed to "occupant," as can be determined from assessor records.
- Q. Copy of latest recorded warranty deed, contract of purchase, or copy of lease agreement containing a current legal description, and written proof that the applicant has authority to act as the property owner's (owners') representative.
- R. **Other applications, plans, studies, etc.** Other information shall be provided as requested at the pre-application conference, including related applications or studies, to show that the development complies with other applicable standards, unless the applicant signs a statement Section H below requesting that the application be deemed complete without the items requested here.
