4.0 Process for Making Appointments

At the beginning of the biennium following an election, the Mayor shall confer with each Councilmember in order to solicit information from Councilmembers as to those boards and commissions on which they wish to serve. Following these meetings, Council shall meet in a setting open to the public to discuss and approve final appointment assignments. At such public meeting, the Mayor shall lead a discussion of potential appointments to each position. For appointments where there is only one Councilmember expressing interest, the Council will vote on the appointments as a slate. For positions where there are two or more Councilmembers expressing interest, the Council shall vote

on appointments individually. A majority vote of the Council is required to approve all appointments.

5.0. Appointment Limits

The Council values continuity on boards and commission, providing experience to the boards and commissions, and providing learning opportunities for the growth of new Councilmembers. There shall be no limit to the number of terms any Councilmember may serve on any board or commission.

6.0 Councilmembers Representing an Official City Position

Individual Councilmembers serving on appointed boards and commissions represent the Council as a whole. Once the City Council has taken a position on an issue, either through a majority vote or consensus, all official City correspondence regarding that issue will reflect the Council's adopted position.

The Mayor is authorized to send letters stating the City's official position to appropriate officials. Councilmembers shall receive copies of all such letters. If a member of the City Council appears before another governmental agency or organization either as an appointed member of that agency or as a guest to give a statement regarding an issue affecting the City on which the City Council has taken a position, the Councilmember shall indicate the majority position of the Council. Personal opinions, minority positions and comments contrary to the majority position may be expressed only if the Councilmember clarifies that such statements do not reflect the official position of the City Council.

Councilmembers have a responsibility to bring significant policy decisions back to the whole Council for discussion and decision whenever possible.

Note: The estimates are based on the 2010 Census and reflect changes to the April 1, 2010 population due to the Count Question Resolution program and geographic program revisions. All geographic boundaries for the 2019 population estimates are as of January 1, 2019. An "(X)" in the 2010 Census field indicates a locality that was formed or incorporated after the 2010 Census. Additional information on these localities can be found in the Geographic Boundary Change Notes (see <https://www.census.gov/programs-surveys/geography/technical-documentation/boundary-change-notes.html>). For population estimates methodology statements, see <http://www.census.gov/programs-surveys/popest/technical-documentation/methodology.html>.
