Interests: (check all that apply)

I would like to help enhance Vancouver's urban forest by

- Planting trees and shrubs at a Saturday volunteer planting event (November – March)
- Organizing a tree planting project in my neighborhood
- Maintaining and watering trees and shrubs in the summer (June – September)
- Becoming a NeighborWoods Steward (attend evening educational sessions regarding urban forestry and trees in March/April, act as a "tree liaison" to neighborhood for one year, and implement a tree related project)
- Removing invasive species, such as English ivy or Himalayan blackberry
- Helping to plan events such as the Old Apple Tree Festival and Arbor Day
- Tabling at events or doing other outreach activities

Do you have any specific knowledge, skills, experience, tools or resources that would benefit the Urban Forestry Program?

Why are you interested in volunteering with the Urban Forestry Program?

How did you hear about the Urban Forestry Program volunteer opportunities?

Are you a member of any clubs/organizations/groups that do service projects?
