Parks Foundation OF CLARK COUNTY

The Parks Foundation of Clark County is an independent non-profit organization dedicated to improving quality of life by providing grant support for parks, trails and recreation programs throughout Clark County.

These grants have funded projects and programs ranging in size and scope from the purchase and placement of new bleachers in Ridgefield's Abrams Park and construction of a skate park in Yacolt to installation of water fountains and merry-go-rounds in neighborhood parks.

The success of the Parks Foundation is a direct result of the support received from members, donors and sponsors. For more information about the Parks Foundation, and to learn how you can support the Foundation's vision to ensure uncommonly vibrant parks, trails and recreational programs throughout Clark County, please visit their website: parksfoundation.us.

Funding for this brochure was provided by a generous donation from Tidewater Transportation & Terminals.
