

## Vancouver Knox Box Purchase Instructions

Knox boxes are required when there is a monitored fire alarm or sprinkler system.

Order it at [Emergency Key Box - Knox Rapid Access System \(https://www.knoxbox.com\)](https://www.knoxbox.com)

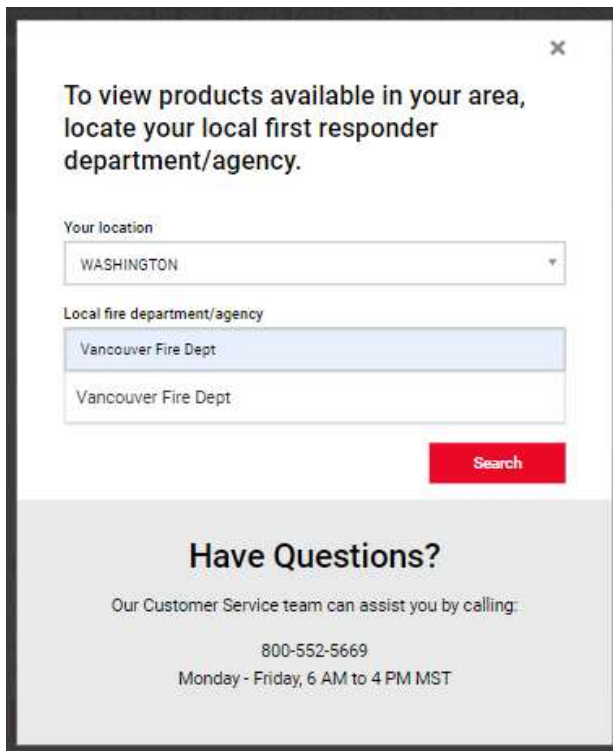

From the home screen pop-up select “Buy Now – Select Fire Dept./Agency”

Or Click the menu Item “Products” and “Commercial Knox Boxes”.

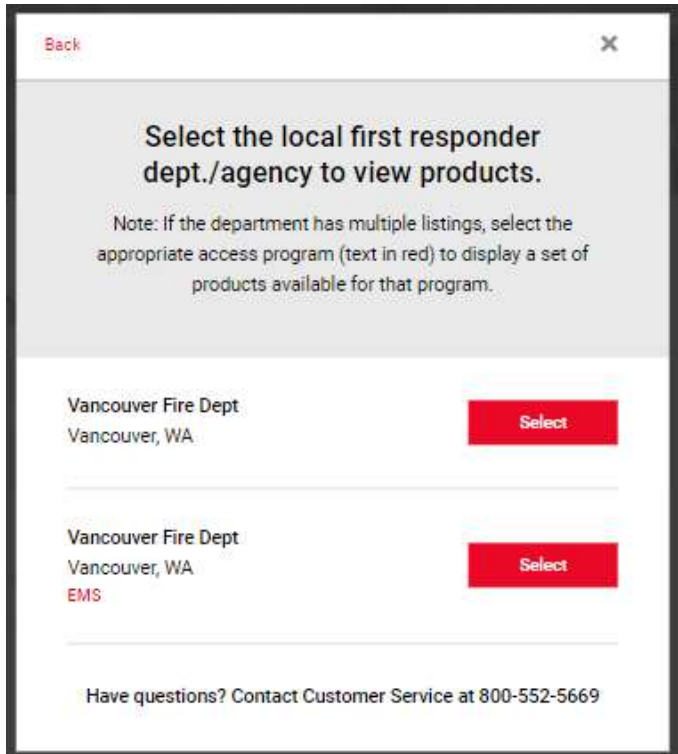

Type in the state: **WASHINGTON**

And the Local department/agency: **Vancouver Fire Dept**

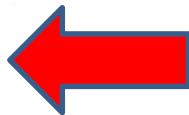

Unless instructed to purchase a Knox product for EMS access, select the one that does not say “EMS”.

Fill in the form, select the color, mount type and tamper switch option. Note: if tampered, you are required to label the box "Access is Monitored".

Now the box will be shipped to your address. Coordinate with the fire official on the correct installation location.

The key cylinder will be shipped to the Vancouver Fire Department for installation when you are ready. Please email [vanfmo@cityofvancouver.us](mailto:vanfmo@cityofvancouver.us) or call 360-487-7260 if you need placement assistance or are ready to lock the box/vault.

\*Note, occasionally web sites are modified. This is the purchase process as of February, 2021. While the purchase flow may change, the data is correct.
