Bailment Statement

Every parking patron shall properly secure and lock his/her own vehicle. All responsibility for damage to or loss of a vehicle is assumed by the parking patron. Termination requests should be dated and in writing. Refunds will be approved for any unused portion of the parking permit period following the effective termination date. Once a parking permit is canceled, terminated or deactivated, even for a temporary period of time, that customer will be placed on the waiting list if no parking permits are available for the facility or lot requested.

Renewal Payments

A parking permit not renewed by the expiration date may result in citation(s) being issued, deactivation of the permit and the permit may be released to another customer on the waiting list. All unpaid parking citations must be paid in full before you may renew your parking permit.
