Why do the leagues have different fees?

The youth soccer leagues are moving to “home” and “away” jerseys that are the same color for every team. League fees help cover the cost of these jerseys. The Fisher Basin Park league paid for their jerseys in Fall 2023, the Marshall Park league will receive their jerseys in Spring 2024.

Soccer Skills Clinics – Spring 2024

At skills clinics, players and their parent or guardian receive age-appropriate training that is challenging, exciting, rewarding and fun! Players learn proper dribbling, passing, running, scoring and defending through engaging drills and games with their peers. The skills and confidence they gain helps promote positive social and emotional wellbeing. **Parent/guardian must remain on site and participate with their child throughout the clinic.**

NOTE: These are instructional skills clinics, they are not leagues.
