## City Zoning Updates

In order to comply with state law, and address  
housing and other community needs, the City  
of Vancouver is exploring new zoning options.  
Learn about the potential options for Central  
Park by scanning the QR code and share your  
feedback with the city **by September 8th.**

## Pet Spotlight: Moses

Moses, who also goes by Dennis the Menace or Mo-Me, is a rescue from Houston that now lives in our Central Park Neighborhood. While he loves his blue chuck-it ball, he was recently caught trying to steal a new toy at Petsmart. If he had to work instead of play, it would be as a Hall Monitor, since he loves supervising everyone around him. Say hi next time you see him around!
