## Homelessness Emergency Response Update

Jamie Spinelli

Homeless Response Manager City Manager's Office April 15, 2025

#### Sheltered/Unsheltered Homelessness Over Time

Countywide PIT Counts 2013-2024

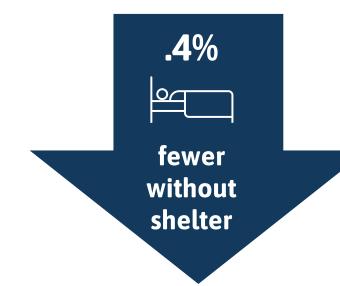

### **Clark County Point in Time Count**

**January 2024** 

5% more total People

## 1366 people experiencing homelessness

- 43% more unsheltered families
- · 13% more people in shelters
- 47% more chronically homeless in shelters

#### 669 people without shelter

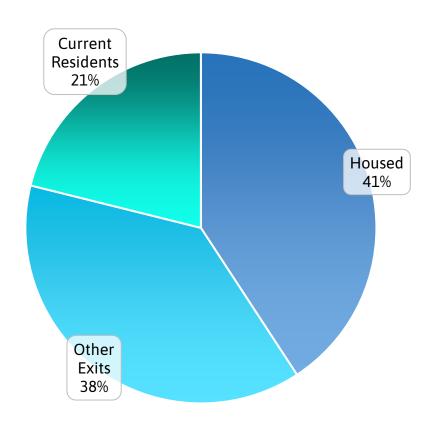

6% reduction in chronic homelessness 36% decrease in chronic unsheltered homelessness

#### Safe Stay Pilot Project: Resident Outcomes

#### **December 2021- Present**

- **424 total individuals** served, including 87 current residents
- 168 individuals housed (50% of exits)
- 57% housed without ongoing subsidy
- Average length of stay around 175 days
- Safe Stays 1 & 2 have experienced reductions in medical/welfare checks since opening

### Safe Stay Pilot Project: Resident Outcomes

- At least 20 former and current Safe
   Stay residents are now working in
   other Safe Stays/shelters or homeless
   services.
- Nearly 25% of Outsiders Inn current staff recently graduated from a Safe Stay or other shelter
- Transitional employment support through partnership with HART and Public Works for seasonal jobs

# Bridge Shelter Vision

The City envisions the bridge shelter as a critical resource to help individuals transition from homelessness by providing 24/7 low-barrier shelter paired with integrated mental and behavioral health support, including Medication Assisted Treatment.

This safe and service-rich environment will bridge the gap between homelessness and housing by addressing immediate needs, expanding access to services, and reducing barriers to stability while contributing to a healthier, more equitable and resilient community.

#### **Bridge Shelter**

#### **Project Update**

- Operator contracted for Phase 1
